Foreword

Super Safari British English Romanian edition is a three-level course that welcomes very young children to English through stories, songs and playtime while supporting their cognitive, motor-sensory and social development. The course introduces the new language through play while improving memory and concentration, thinking and creativity.

With children's development in mind, English and Romanian teachers have worked together to bring the *Super Safari 3* adventure to preparatory grade students through this course that follows the Romanian Curriculum step by step and:

- creates an inclusive learning environment through learning strategies, games and dynamic activities to ensure all students achieve success;
- inspires passion and sparks the imagination through chants, colourful stories, action songs and fun arts and crafts.

So join Gina and her friends on this exciting adventure!

Super Safari 3 components

- **Pupil's Book** – contains an introductory *Hello!* Unit, 7 core units with an easy to use single-page lesson format, 2 optional units, 5 pages of chants artwork, 5 pages of revision materials (a game for every 2 units), 1 page of cut-outs, stickers, a certificate.
- **Activity Book** – contains a follow-up activity for each lesson in the *Pupil's Book* and self-assessment activities, providing an opportunity to review the key vocabulary from each unit; cut-out vocabulary cards for use in games, cut-out masks of the animal characters for use in role-playing.
- **Teacher's Book** – contains one page for each of the lessons in the *Pupil's Book* with an Aims box, clear and concise instructions for all the activities in both the *Pupil's Book*, and the *Activity Book*, additional lesson stages (ideas for beginning the lesson, simple ideas that are flexible in the time available to bring the lesson to a close, optional activities to extend the focus of the lesson), answer key and transcripts.
- **3 Class Audio CDs** – contain all the tasks, stories, songs along with karaoke versions.

All the listed components are interconnected. For optimum results the use of all the packet components is recommended: the *Pupil's Book* to introduce new vocabulary and grammar structures and to form skills, the *Activity Book* to reinforce language, structures and skills, the *Teacher's Book* to plan lessons and read detailed instructions on how to use all the activities and the class CDs to provide the students with the audio support they need to solve the tasks and to help practise the songs.
